MOBIS SEAT: PRICING

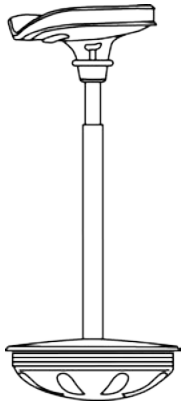

The Mobis Seat is a bold take on the ergonomic task seat. Stripped of the conventional trappings of office chairs, Mobis's minimalist design actually works with your body. It offers the ideal level of healthy support, keeping your spine in a neutral posture and your major muscles engaged. A perfect partner for any standing desk or table, this leaning, adjustable height stool was designed for people who need to have as much energy at 4PM as they did at the start of the day.

A woman with short brown hair, wearing a dark grey long-sleeved top and light-colored pants, is sitting on a black ergonomic chair at a desk. She is looking towards a man who is also sitting at the desk. The man is bald, wearing glasses, a white shirt, and a blue vest. He is holding a blue pen and pointing at a laptop screen. The desk is a light-colored wooden surface with a black laptop, a mouse, and some papers. In the background, there is a brick wall, a window, and another person working at a desk. The word "DESKS" is overlaid in a white box in the center of the image.

3. ADD A STABILIZING FOOT REST

The Stabilizing Foot Rest makes it easier than ever to get foot support you need.

How does it work? The simple action of placing your feet on the Stabilizing Foot Rest takes pressure off your foot bones, provides much-needed ankle support, and promotes circulation in your lower body. Additionally, the Stabilizing Foot Rest allows you to keep moving throughout the workday, encouraging you to vary postures while you work.

The Stabilizing Foot Rest can be paired with standing desks and traditional seated workstations. It is even better when paired with the Mobis, Pivot, or Mogo, taking pressure off the front of your feet so you can work comfortably all day long.

SEAT BUNDLES: PRICING

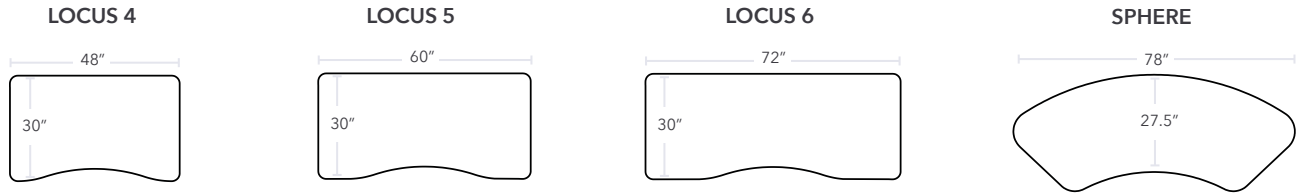

Focal seats are pretty impressive on their own. These award-winning seats puts you in an active posture that supports your spine, engages your major muscle groups, and promotes circulation. When you pair a seat with Focal's Stabilizing Foot Rest, you take the comfort to the next level.

L 26" x W 14" x H 3.5"
3 lbs.

The Stabilizing Foot Rest engages the large leg muscles for enhanced support and caloric burn, takes pressure off your foot bones, provides much-needed ankle support, and promotes circulation in your lower body. Additionally, the Stabilizing Foot Rest encourages you to vary postures while you work.

Pair the Foot Rest with a standing desk or a traditional seated workstation. Even better, try it paired with the Mobis and Mogo, taking pressure off the front of your feet so you can work comfortably all day long.

FEATURES

- Sturdy extruded anodized aluminum bar
- Non-marking Butyl rubber to keep you upright
- Lightweight for portability
- Easily paired with Focal Upright seats or stand-biased desks

MATERIALS

Extruded anodized aluminum, and non-marking Butyl rubber

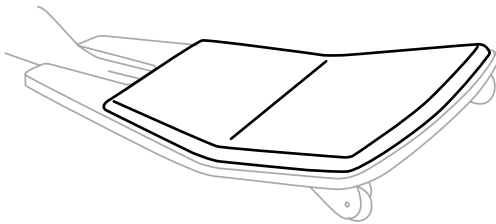

SHIPPING DETAILS

Some assembly required. Box is L 26" x W 6" x H 6", weight is 4.5 lbs.

COMPATIBLE WITH

- Focal Upright Mobis Seat
- Focal Upright Mogo Seat
- Focal Upright Pivot Seat
- Any height-adjustable workstation

ANTI-FATIGUE MAT

Dimensions
Weight

L 26.25" x W 24.25" x H 0.8"
4.25 lbs.

The Anti-Fatigue Mat is designed to add an extra layer of comfort to your Locus Seat, taking stress off your feet and ankles so you can work comfortably for longer stretches of time.

The Anti-Fatigue Mat is designed for durability; it won't delaminate, curl, compress, or wear through. What's more, the mat is easy to clean. Spritz it with any household cleaner, wipe it with a damp cloth, and you're good to go.

FEATURES

- Reduces strain and pressure on feet and legs
- Ergonomist-recommended
- Removable
- One year warranty

MATERIALS

Closed cell soft polyurethane foam

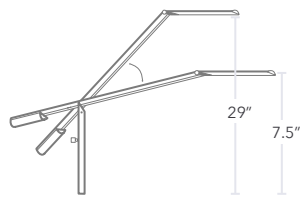

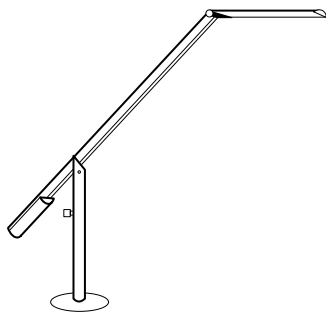

SHIPPING DETAILS

Ships fully assembled. Box is L 30" x W 30" x H 1", weight is 6 lbs.

COMPATIBLE WITH

- Focal Upright Locus Seat
- Complement to any standing desk

LED WORKLIGHT

Dimensions
Weight

L 32" x W 1.25" x H 7.5-29"
6 lbs.

The LED Task Light by Koncept is best-in-class, incorporating style, elegance, and environmentally friendly features. The lamp has a streamlined counterweight design for feather-light adjustability. One finger is all you need to adjust the floating arm's position, and the tilting head stays positioned when the arm is raised or lowered. Never has it been this easy to properly light your workspace.

FEATURES

- Multi-level touch dimming
- 50,000 hours lifespan and 6 watts consumption
- 3,500 K/4,500 K light color
- At full extension, light is 29" tall. At lowest extension, light is 7.5" tall.

MATERIALS

Extruded and anodized aluminum, cast aluminum and nylon, and 28 warm LEDs

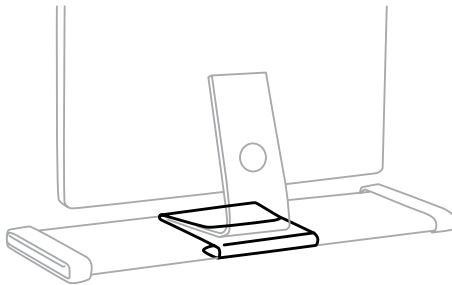

SHIPPING DETAILS

Some assembly required. Box is L 26" x W 14" x H 3", weight is 6 lbs.

COMPATIBLE WITH

- Focal Upright Locus Desk or Sphere Desk

IMAC BRACKET

Dimensions
Weight

L 7.75" x W 9" x H 1"
2.5 lbs.

The iMac Bracket keeps your monitor in place simply and securely. The powder-coated bent steel device can be placed directly onto the Locus or Sphere Desk or attached to the Stay Flat Shelf and works with iMac computers, Thunderbolt and Cinema displays.

FEATURES

- Simply secures monitor in place
- Slides on to top edge of Locus Desk or back edge of Stay Flat Shelf
- Designed in Rhode Island

MATERIALS

Powder-coated bent steel

SHIPPING DETAILS

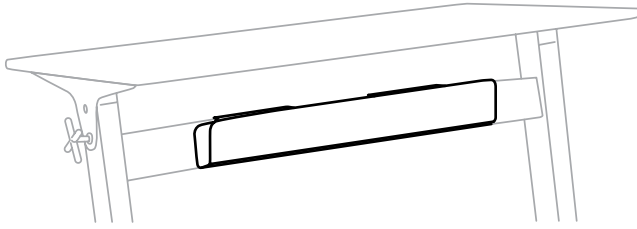

Ships fully assembled.

Box is L 10" x W 8" x H 2", weight is 3 lbs.

COMPATIBLE WITH

- Stay Flat Shelf or Locus Desk top
- Suitable for iMac computers, Thunderbolt and Cinema displays

CABLE MANAGEMENT TRAY

Dimensions
Weight

L 4" x W 6" x H 27"
5 lbs.

The Cable Management Tray liberates you from all that cable clutter. Made of powder-coated bent steel, the cable management tray keeps all of your cables tidy and organized by seamlessly bolting to the upper stretcher of any Focal desk.

FEATURES

- Keeps loose cables and power strips neat and tidy
- Fits perfectly on Focal desk stabilizing beam to stay hidden beneath and behind desk
- Designed in Rhode Island

SHIPPING DETAILS

Ships fully assembled. Box is L 28" x W 8" x H 6", weight is 6 lbs.

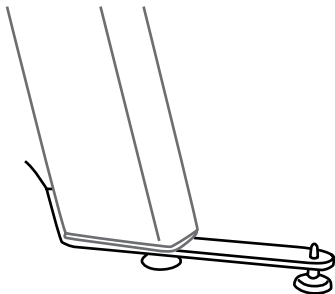

MATERIALS

Powder-coated bent steel

COMPATIBLE WITH

- Any Focal Upright desk

DESK STABILIZERS

Dimensions
Weight

L 11.7" x W 1.5" x H 3.7"
2.9 lbs.

The Desk Stabilizers are engineered to prevent desks loaded with extra weight from tipping forward. How do they work? These discrete stabilizing feet attaches to your desk frame and push the center of gravity forward preventing the dreaded desk tip. The sleek, L-shape design works seamlessly with any Focal desk, easily attaching to the base of the lower K-Leg.

FEATURES

- Engineered to prevent desks loaded with extra weight from tipping forward
- Sleek, L-shape design works seamlessly with any Focal desk, easily attaching to the base of the lower K-Leg
- Recommended for users loading their desk with more than 45 lbs. weight

SHIPPING DETAILS

Ships fully assembled. Box is L 12.75" x W 9.5" x H 2.25", weight is 3.75 lbs.

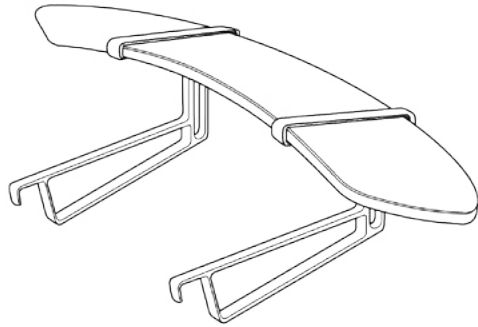

MATERIALS

Cold rolled steel

COMPATIBLE WITH

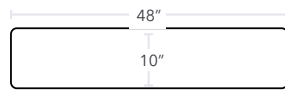

- Locus Desk (all sizes)
- Sphere Desk

STAY FLAT SHELF

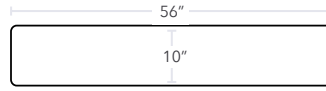

The Stay Flat Shelf provides a level surface, even when the desk is at full tilt. It keeps your water bottle, papers, and knickknacks in place. The shelf is made of furniture grade plywood and is attached with cast aluminum and silver powder-coated brackets.

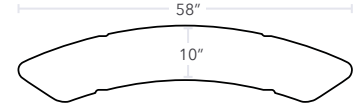

Available for all sizes of Locus Desk and the Sphere Desk.

UPRIGHT ERGONOMICS

UPRIGHT ERGONOMICS

DIAGNOSIS: SITTING DISEASE

If sitting was a sport, most of us would be ready for the Olympics. Think about it: we sit on our way to work. We sit in our office chairs from 9-5. We sit on our couches and Netflix binge until we fall into a deep slumber...

The one place that we do more sitting than anywhere else is - you guessed it - the office. The average knowledge worker spends more than 9.3 hours a day sitting down. That is some serious sitting, and it is causing some serious problems.

And sorry to be the bearer of bad news, but our fix, the "ergonomic" office chair, is not working. No matter how many advanced ergonomic features your office chair may boast - lumbar support, upper back support, adjustable armrests, and seat tilts - the problem is that it still requires you to sit. The human skeletal frame evolved to support the body in motion; it was never designed to have the back and thighs locked into a 90-degree angle at the hips all day. It's no wonder, then, that so many office workers suffer from sitting disease.

PRESCRIPTION: FOCAL UPRIGHT

Exercise balls. Hacked standing desks. Even treadmill desks. Disgruntled desk jockeys have tried all these quick fixes in an effort to beat sitting disease. Here's the problem: these solutions are not sustainable.

Focal Upright's products break the sit-stand dichotomy giving people a third posture that actually works with your body. The lean, as we like to call it, balances the active benefits of standing with the comfort of sitting.

The leaning posture encourages a hip to torso angle between 130 to 135 degrees. Researchers have determined that this posture puts the least amount of stress on your spine and its connecting muscles. In fact, when astronauts float in outer space, they naturally assume the same open-hip posture. (NASA says our seats are out of this world.)

What's more, Focal Upright's products keep you moving and grooving so you get all of the benefits of non-exercise activity thermogenesis (NEAT) - boosted energy, improved circulation, and enhanced core engagement to name a few.

In 2013, the American Medical Association adopted a policy recognizing potential risks of prolonged sitting and encouraging employers, employees and others to make available alternatives to sitting. Ask your doctor if getting off your a** is right for you.

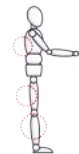

4 BENEFITS OF GOING UPRIGHT

You Like to Move It, Move It
Focal products promote healthy postural transitions (a.k.a. body movement) that stimulates your mind, body, and soul.

We've Got Your Back
Focal products limit intervertebral disc compression as compared to sitting and standing, which can result in less back pain.

Zap Your Standing Desk Fatigue
Focal products ease the stress on the body, so you are able to work upright all day without the aches and pains. Bam. Pow.

Get Envious Abs of Steel
Perhaps not quite steel, but Focal products do inspire constant micromovements, keeping your core muscles engaged during use.

WARRANTY

LIMITED LIFETIME WARRANTY

Focal Upright Furniture LLC (“Focal”) warrants that Focal™ brand products are free from defects in materials and workmanship for the life of the product, except as set forth below. This warranty is valid from the date of delivery and covers the original purchaser only. This warranty is not transferable. Products purchased from non-authorized dealers may not be warranted. Replacement parts are covered for 2 years or the balance of the original warranty, whichever is longer.

For the warranty to be valid, you must:

- Have your original proof of purchase (e.g. receipt or purchase order)
- Have purchased your product from Focal Upright or one of our trusted partners

Additionally, there are few cases in which the warranty does not apply:

- Normal wear and tear
- Abuse, misuse, or accident
- Damage due to improper installation
- The substitution of any unauthorized non-Focal components for use in the place of Focal components
- Damage caused by a carrier or due to transport
- Any damage due to service, maintenance, modifications or tampering by anyone other than an authorized Focal representative

Warranty Information by Product:
